OUR STORY

At CLASSWiX, we're driven by a passion for empowering minds through education and music. Founded in 2016 by Bikash Borthakur, Grow Mind began as a humble initiative in Nagaon, Assam, aimed at making quality education accessible. Bikash's teaching expertise and love for mathematics propelled the institute's growth, transforming students into successful doctors, engineers, teachers etc.

Bikash's fascination with the digital world began during the 2G/3G era. Despite humble beginnings – his father being a priest – Bikash pursued mathematics graduation while working as a video editor to support his family. His technical prowess earned him opportunities with foreign companies.

The COVID-19 lockdown catalyzed Grow Mind's transition into an online platform. Bikash leveraged his technical expertise to expand the institute's reach and impact. This digital leap paved the way for a broader vision.

In 2023, Bikash Borthakur partnered with music educator Pranaali Sarmah, launching Grow Music. This union sparked a harmonious convergence of academic and music education. Inspired by Grow Mind and Grow Music's success, Bikash envisioned a unified platform providing top-notch education and music under one roof. Thus, CLASSWiX was born in 2024.

CLASSWiX is officially registered under Biprانش EdTech Private Limited, recognized by the Ministry of Corporate Affairs (MCA) under the Companies Act, 2013 (18 of 2013).

Today, CLASSWiX stands as a premier online learning platform with an expert team, merging academic excellence with musical creativity. We're committed to shaping minds, fostering growth, and making high-quality learning accessible to all. Join us on this transformative journey.
